# CLASS HISTORY

As we, the seniors of 1949, look back over the years at New Palestine High School, we recall many happy days.

When we entered school in 1937, the school building was being remodeled so we attended school in the Christian Church. Our teacher was Miss Lucille Prange.

Finally the big day came when we could go to the school building. To start off the first day at the building, Joyce Harvey and Esther Hawkins were sent to the cloak hall because they didn't mind the teacher. Then there was the day when a group of girls decided to wear lipstick, and they were sent to the basement to wash it off.

During our second year James Moran and Gordon Grabhorn had a fight almost every day.

We chose sides to see which could read the better; usually the other side won! Miss Ethel Jordan was our teacher.

Then came the third grade when Patty Breeze and Carolyn Fox had their fights; they chose sides against each other. We had several parties during the year.

Our fourth year was much like our third. Carolyn and Patty still had their gangs. All of us tried to make a hundred in spelling so we would receive a prize. Our third and fourth grade teacher was Miss Pauline Raper.

As we entered the fifth grade, the subjects were beginning to get hard, especially geography, when we had to name all the states. We gave a surprise birthday party for our teacher, Miss Lucinda Scotton.

During our sixth year with Mrs. F. A. Wheeler our teacher, we studied birds and made a book with pictures of the different birds and wrote a story about each one.

Then came the seventh grade. We felt pretty big because we were in the assembly with the high school. Eileen Drinkut's sister gave Eileen a permanent, and she had curls all over her head. Our sponsor was Miss Nancy Durell.

During the eighth grade the boys and girls liked to throw paper wads in the assembly. Most of the girls had purple sweaters and grey skirts which were the latest thing in dress. Miss Blanche Jones was our class sponsor.

As freshmen we were called, "Green", but we didn't mind because we realized most freshmen are green. Algebra was our toughest subject but we survived. Mr. Charles Everson was our sponsor.

Our sophomore year was a quiet one; most of us took Latin which proved to be very interesting. Also we were halfway to graduation. Our class sponsor was Mr. James Moore.

Our junior year with Mr. Carl H. Wilson, our class sponsor, was a year of many happy events, such as our junior play, "Out of This World," and the reception we held in the gymnasium honoring the seniors.

Our senior year has been a busy year with the school paper and the year book. Doris and Helen tried to keep ahead of each other in their assignments in bookkeeping. It seems that we accomplished more monkey business in government than anything else. Our senior sponsor was Mr. George Davis.

Now we are at the end of our high school career. As we look back over our school days, we know we shall always remember the happy days we spent with fellow students and teachers in New Palestine High School.

Joyce Harvey

# CLASS PROPHECY

The graduating class of 1949 of New Palestine High School seems to have done pretty well during the past decade and a half. While I was out selling "Doc." Wilson's cough syrup the past week, I discovered some interesting facts about those grads of N.P.H.S. of fifteen years ago.

Here are my findings:

Eileen Drinkut won grand champion on her rabbits at the recent International Livestock Show.

Gordon Grabhorn is editor-in-chief of the Indianapolis News.

After leading football yells at I.U. for four years, Carolyn Fox and Allen Oertel have finally married. Carolyn is ballet instructor at Brandywine.

Dorotha Gambrel and Lowell Sparks are married and have four little Sparkies. They live near Mt. Comfort.

Mary Seifert is violin soloist with the New York Philharmonic. Mary really used to get some lovely squeaks out of that violin of hers.

John Huber is still delivering papers in New Palestine, but he is the only man in the United States that delivers papers by means of a jet-propelled helicopter.

Lewis Strahl is farming in Sugar Creek Township, and on rainy days he goes out and sells "Doc." Wilson's Favorite Prescription Cough Syrup.

Joanne Alfke, after working at Buckley's for years, has finally opened her own restaurant, The Greasy Spoon, in Cumberland.

Floyd Borgmann, after searching for years, finally found a wife, and now has two sets of twins.

Harold Noelting finally went west to California, even though he did have to hook a ride in a cattle car. There he found some good looking bathing beauties on the beach. Of course he left them and broke their hearts, as he has done so many times before. I heard in a round-about way that the ring he gave Helen has turned green with the years.

Marlis Krug has just returned from Egypt where she has fulfilled her life's dreams of giving missionary help to the Egyptians.

Doris Black is the home demonstration agent at Greenfield. It is rumored that as soon as she makes her first million as H.D.A. she is going to marry the county agent.

Mildred Settles spends all her evenings at home patching basket-ball nets. You know, Bill is coach at N.P.H.S.

Phyllis Gundrum and Paul Frey are married and are living in New Palestine. Phyllis is in Hollywood for a screen test at present. If she makes it, she will star as a cow girl in the next Western with Roy Rogers.

Joyce Reynolds is head model at Block's and is president of the Lonely Hearts Club of Spring Lake.

continued

CLASS PROPHECY, continued

Delores Kleiman has just been elected president of the Indiana Farm Bureau, the first woman of the state ever so honored by the Farm Bureau.

Joe and Eloise who live in Spring Lake had to call a furnace repair man the other day. Guess who came—one of Eloise's old flames Jack Johnson, who now owns the largest furnace manufacturing plant in Hancock County.

Joyce Harvey and her husband who is from Moral are living near Moral. Joyce works at Robert Hall's as a designer of rain coats. Joyce really used to make the stitches fly in Home Ec. Class.

Helen Galloway is a SPAR. You know the Marines get there first. Helen has been around the World four times hunting for a man, and she still hasn't found him.

Nancy Dugan is owner of her own dress shop now. It is located about half mile west of Philadelphia in what is known as Duganville. Duganville is an incorporated town now.

What a week! All this news I've gathered about that illustrious class of 1949 and seventeen bottles of "Doc." Wilson's cough syrup sold.

Lewis Strahl

# CLASS SONG

We have now finished twelve years of school,  
And so we must say farewell,  
But as we part with a heavy heart,  
We know that it all has been swell.

All the joys that we've had, and the friends we have made,  
We will always remember them, too---  
How much they have meant to us all thru these years,  
To them we must now bid adieu.

To the teachers who guided us in all of our tasks,  
We will never be able to say,  
What we feel in our hearts for the things they have done  
To help us with each passing day.

A feeling of pride in our hearts will remain  
For our school as we now say good-bye,  
And in passing years we will never forget  
Our own dear New Palestine High.

Eloise Mearling

Delores Kleiman

# CLASS POEM

We, the class of '49  
As up the ladder we have climbed,  
Have sometimes stumbled, and we sometimes fell,  
But nothing yet has turned our will.

Every year a new step we gained,  
Every day we racked our brain,  
At last we have reached our goal,  
No greater joy we'll ever know.

The time has come to say adieu,  
To N.P.H.S. and school friends true,  
Before us lie new and uncharted ways,  
For which we've prepared during our happy school days.

How swiftly, it seems, the years have flown by,  
Bringing us to the day when we must say, good-bye,  
Now all we can think about,  
Are the memories of school, and we're sorry we're out!

Mildred Settles

# FACULTY LETTER

Dear Teachers,

This is our last year of school, as you very well know. We feel that we have really and truly learned a lot in our twelve years. You teachers have had to go through misery and who-knows-what-else struggling to put us twenty-two students through school.

In gratitude we want to thank all of you for all your efforts. (From year to year some new faces have appeared among the faculty, we mean. Could it be we wore some of them out?)

We hope, Mr. Wheeler, that we havn't been too bad, but I guess we haven't, for we see you have survived the years we've been in school. We want to thank you for all your spankings, and the times you've said, "no", for although at the time we didn't agree with you, we see now that you were right.

It just wouldn't be right not to say something about our wonderful English and dramatic teacher, Miss Willis. When you see some of us as English teachers and others with our names away up there in big bright lights, you can't say we aren't thanking Miss Willis for directing us in the ways that could lead us to success.

Then, too, there's our social studies teacher, Mr. Davis. We'd like to thank Mr. Davis for all his jokes we couldn't understand, and for always rearranging us in his classes so it would be possible for us to learn something.

Mr. "Doc" Wilson, we are very grateful to you for just being your "slap-happy ole self." You have pounded into our heads shorthand, typing, business arithmetic, bookkeeping, and some stale songs from the old victrola. When we get that office job you are always telling us about, we will follow your instructions explicitly. (We mean-doing everything wrong.)

Mrs. Lantz, we want to thank you for all the times we have been able to talk you into letting us out of band and orchestra to attend to other business, for teaching us music, and for being the friend you've been to everyone of us.

We haven't ever had Mr. Krause in a class, but we feel we owe him thanks too. You see, he and "Doc" Wilson have given us excellent examples of how not to act when we leave school. Also, Mr. Krause, thanks for being such a congenial study hall teacher.

In a few years you'll hear from some of us again. We'll be well known models, modeling our own home-made clothes which without the help of Mrs. Rhynearson we should never have been able to do. Do you realize, Mrs. Rhynearson, without your teachings, people might never hear of us again? So we give you our special thanks.

If anyone mentions anything concerning chemistry, physics, biology, or even general science, you better watch out for the seniors of N. P. H. S. They had such a grand teacher in those subjects they feel they know almost everything there is to know about them. Thanks too, Mr. Everson, for being so nice.

Oh, yes, did you know the new construction company recently formed in New Palestine, consisted of the 1949 senior boys? The thanks go to Mr. Terwilliger for teaching them so much in his classes. The boys say the real help came when Mr. Terwilliger helped them to build model homes.

Now to get serious for a moment. We all know we've just been kidding ourselves when we've said, "Sure, I'm glad this is my last year of school," and you knew it too. You just can't fool old foolers. We really mean it when we say we are going to profit from your teachings and beatings. Since this will be our last good opportunity, we wish to extend our sincere thanks to everyone of you.

Carolyn Fox

# CLASS of '60

Some students did their homework, while others decided to leave it all. In a few days time, I will be in a place where you could work, study, and be busy and happy.

They are proud that they have  
studied cursive script, do number work, social  
studies, etc. They like to sing and have good  
voices. They are original in creative art and now  
have their own studio.
